INDEPENDENT AUDITOR'S REPORT

To the Board of Education of the
Westwood Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Westwood Community School District, Sloan, Iowa, as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of District officials. Our responsibility is to express opinions on these financial statements based on our audit.

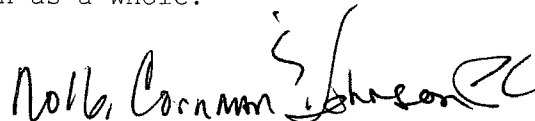

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Westwood Community School District at June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated October 12, 2006, on our consideration of the Westwood Community School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 4 through 12 and 35 through 36 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Westwood Community School District's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (none of which are presented herein) and expressed an unqualified opinion on those financial statements. Other supplementary information included in Schedules 1 through 5, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOLTE, CORNMAN & JOHNSON, P.C.

October 12, 2006

MANAGEMENT'S DISCUSSION AND ANALYSIS

Westwood Community School District provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the District's financial statements, which follow.

2006 FINANCIAL HIGHLIGHTS

- General Fund revenues increased from \$5,021,337 in fiscal 2005 to \$5,249,876 in fiscal 2006, while General Fund expenditures also increased from \$4,986,100 in fiscal 2005 to \$5,215,916 in fiscal 2006. This resulted in an increase in the District's fund balance from \$413,970 in fiscal 2005 to \$451,806 in fiscal 2006, which was a 9.14% increase from the prior year.
- An increase in interest rates during the past fiscal year, combined with more cash available to be invested, resulted in interest earnings in the General Fund alone to increase from \$23,683 in fiscal year 2005 to \$103,066 in fiscal year 2006.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the District's financial activities.

The Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of Westwood Community School District as a whole and present an overall view of the District's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report Westwood Community School District's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Westwood Community School District acts solely as an agent or custodian for the benefit of those outside of the School District.

Notes to financial statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the District's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor Special Revenue Funds.

Figure A-1 shows how the various parts of this annual report are arranged and relate to one another.

Figure A-1

Westwood Community School District Annual Financial Report

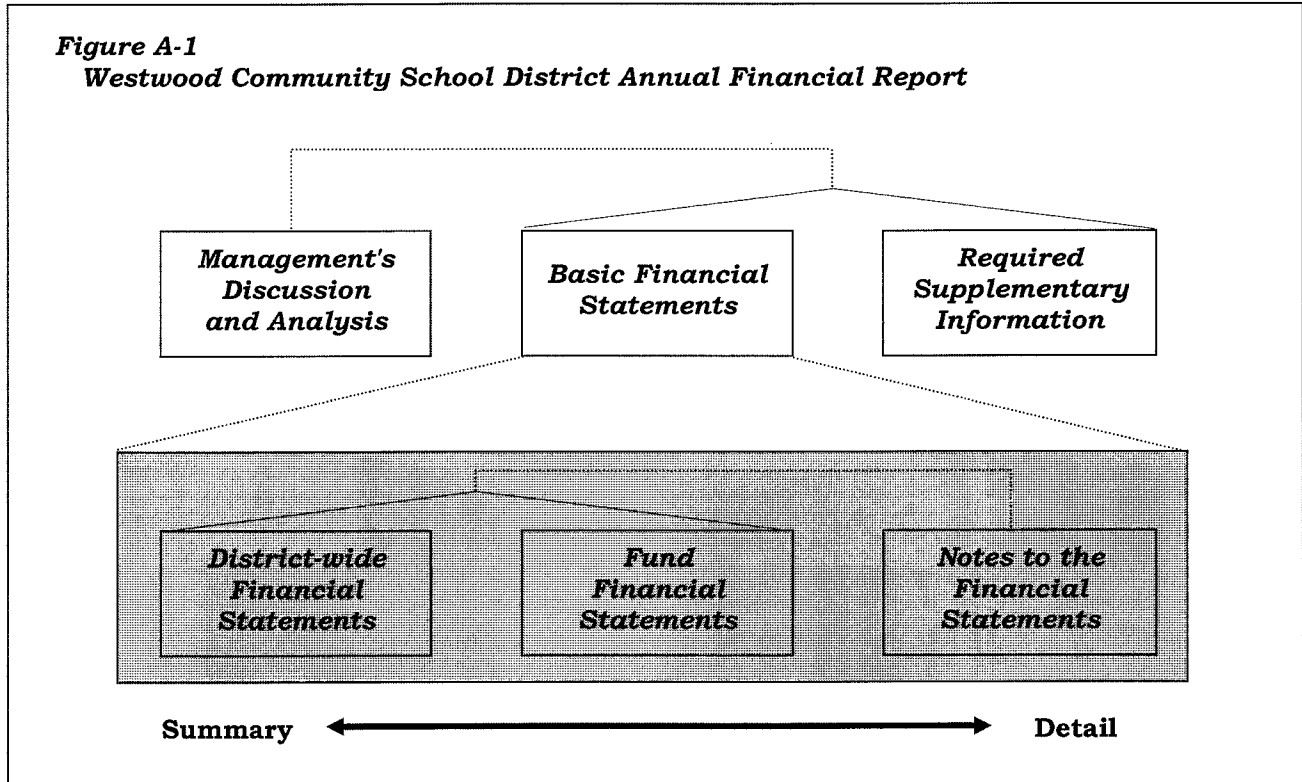

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid	All additions and deductions during the year, regardless of when cash is received or paid

REPORTING THE DISTRICT'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

The government-wide financial statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the District's net assets and how they have changed. Net assets – the difference between the District's assets and liabilities – are one way to measure the District's financial health or financial position. Over time, increases or decreases in the District's net assets are an indicator of whether financial position is improving or deteriorating. To assess the District's overall health, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities, need to be considered.

In the government-wide financial statements, the District's activities are divided into two categories:

- *Governmental activities:* Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property tax and state aid finance most of these activities.
- *Business type activities:* The District charges fees to help cover the costs of certain services it provides. The District's school nutrition program is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs.

Some funds are required by state law and by bond covenants. The District established other funds to control and manage money for particular purposes, such as accounting for student activity funds, or to show that it is properly using certain revenues, such as federal grants.

The District has three kinds of funds:

- 1) *Governmental funds:* Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs.

The District's governmental funds include the General Fund, Special Revenue Funds, Debt Service Fund, and Capital Projects Fund.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balance.

- 2) *Proprietary funds:* Service for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide financial statements. The District's Enterprise Funds, one type of proprietary fund, are the same as its business type activities, but provide more detail and additional information, such as cash flows. The District currently has one Enterprise Fund, the School Nutrition Fund.

The required financial statements for proprietary funds include a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

- 3) *Fiduciary funds:* The District is a trustee, or fiduciary, for assets that belong to others. These funds include the Agency Fund.

- Agency Funds – These are funds through which the District administers and accounts for certain federal and/or state grants on behalf of other District's.

The District is responsible for ensuring the assets reported in the fiduciary funds are used only for their intended purposes and by those to whom the assets belong. The District excludes these activities from the government-wide financial statements because it cannot use these assets to finance its operations.

The required financial statements for fiduciary funds includes a statement of fiduciary net assets and a statement of changes in fiduciary net assets.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Figure A-3 below provides a summary of the District's total net assets at June 30, 2006 compared to June 30, 2005.

Figure A-3
Condensed Statement of Net Assets

	Governmental Activities		Business-type Activities		Total School District		Total Change
	2006	2005	2006	2005	2006	2005	2005-06
Current and other assets	\$ 6,037,766	5,877,243	18,925	27,315	6,056,691	5,904,558	2.58%
Capital assets	8,511,936	8,709,771	12,951	13,870	8,524,887	8,723,641	-2.28%
Total assets	14,549,702	14,587,014	31,876	41,185	14,581,578	14,628,199	-0.32%
Long-term obligations	2,340,000	3,185,000	0	0	2,340,000	3,185,000	-26.53%
Other liabilities	3,620,892	3,451,536	2,047	871	3,622,939	3,452,407	4.94%
Total liabilities	5,960,892	6,636,536	2,047	871	5,962,939	6,637,407	-10.16%
Net assets:							
Invested in capital assets, net of related debt	7,759,692	7,320,744	12,951	13,870	7,772,643	7,334,614	5.97%
Restricted	236,331	105,200	0	0	236,331	105,200	124.65%
Unrestricted	592,787	524,534	16,878	26,444	609,665	550,978	10.65%
Total net assets	\$ 8,588,810	7,950,478	29,829	40,314	8,618,639	7,990,792	7.86%

The District's combined net assets increased by 7.86%, or \$627,847, over the prior year. The largest portion of the District's net assets is the invested in capital assets, net of related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets.

Restricted net assets represents resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. The District's restricted net assets increased \$131,131, or 124.65% over the prior year.

Unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements – increased \$58,687, or 10.65%. This increase in unrestricted net assets was a result of the District's increase in the General Fund balance.

Figure A-4 shows the changes in net assets for the years ended June 30, 2006 and 2005.

Figure A-4
Changes of Net Assets

Other expenses	722,733	627,637	0	0	722,733	627,637	15.15%
Total expenses	6,369,212	6,019,015	285,038	289,396	6,654,250	6,308,411	5.48%
Change in net assets	638,332	845,711	(10,485)	(20,224)	627,847	825,487	-23.94%
Beginning net assets	7,950,478	7,104,767	40,314	60,538	7,990,792	7,165,305	11.52%
Ending net assets	\$ 8,588,810	7,950,478	29,829	40,314	8,618,639	7,990,792	7.86%

Property tax and unrestricted state grants account for 73.76% of the revenue from governmental activities while charges for service and sales and operating grants and contributions account for 99.84% of the revenue from business type activities.

The District's total revenues were approximately \$7.28 million of which \$7.01 million was for governmental activities and less than \$0.27 million was for business type activities.

As shown in Figure A-4, the District as a whole experienced a 2.08% increase in revenues and a 5.48% increase in expenses. Unrestricted state grants increased \$173,535 to fund increases in expenditures. The increases in expenses related to increases in the negotiated salary and benefits.

Governmental Activities

Total revenues for all of the Districts' governmental activities were \$7,007,544 and expenses were \$6,369,212.

The following table presents the total and net cost of the District's major governmental activities: instruction, support services, non-instructional programs and other expenses.

Figure A-5
Total and Net Cost of Governmental Activities

	Total Cost of Services	Net Cost of Services
Instruction	\$ 3,864,063	2,808,155
Support services	1,781,659	1,777,760
Non-instructional	757	757
Other expenses	722,733	532,395
Totals	<u>\$ 6,369,212</u>	<u>5,119,067</u>

- The cost financed by users of the District's programs was \$646,668.
- Federal and state governments subsidized certain programs with grants and contributions totaling \$603,477.
- The net cost of governmental activities was financed with \$3,171,674 in property tax, \$413,628 in local option sales and services tax, \$1,996,802 in unrestricted state grants, \$103,066 in interest income and \$3,876 from a gain on the sale of capital assets.

Business-Type Activities

Revenues for business type activities were \$274,553 and expenses were \$285,038. The District's only business type activities include the School Nutrition Fund. Revenues of these activities were comprised of charges for services, federal and state reimbursements and investment income.

INDIVIDUAL FUND ANALYSIS

As previously noted, the Westwood Community School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

A strong financial performance of the District as a whole is reflected in its governmental funds. As the District completed the year, its governmental funds reported combined fund balances of \$2,283,344, a decrease of \$20,163 from last years ending fund balances of \$2,303,507.

Governmental Fund Highlights

- The increase in General Fund revenues was attributable to an increase in unrestricted state grant revenues as well as an increase in tuition revenues in fiscal 2006.
- The Management Fund expenditures were \$186,163 and the revenues were \$258,145 which improved the fund balance from a deficit \$28,684 to a positive balance of \$43,298. This was due in part to the District levying more tax revenue for this fund.
- The Capital Projects Fund decreased from \$1,168,597 to \$1,036,815 due to normal transactions in this fund for the year.
- The Debt Service Fund increased from \$639,113 to \$661,936 due to an increase in the money transferred into the fund during the year to pay for the final payment of the general obligation bonds.

Proprietary Fund Highlights

School Nutrition Fund net assets decreased from \$40,314 in fiscal 2005 to \$29,829 in fiscal 2006, representing a decrease of 26.01%. This decrease was attributable to increases in program expenditures during the year.

BUDGETARY HIGHLIGHTS

The District's receipts were \$296,801 less than budgeted receipts, a variance of 3.92%. The most significant variance resulted from the District receiving less in local sources than originally anticipated.

Total expenditures were less than budgeted, due primarily to the District's budget for the General Fund. It is the District's practice to budget expenditures at the maximum authorized spending authority for the General Fund. The District then manages or controls General Fund spending through its line-item budget. As a result, the District's certified budget should always exceed actual expenditures for the year.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At June 30, 2006, the District had invested \$8,524,887, net of accumulated depreciation, in a broad range of capital assets, including land, buildings, athletic facilities, computers, audio-visual equipment and transportation equipment. (See Figure A-6) More detailed information about the District's capital assets is presented in Note 5 to the financial statements. Depreciation expense for year was \$345,048.

The original cost of the District's capital assets was \$12.7 million. Governmental funds account for \$12.5 million, with the remainder of less than \$0.2 million accounted for in the Proprietary, School Nutrition Fund.

Figure A-6

Long-Term Debt

At June 30, 2006, the District had \$2,340,000 in revenue bond and other long-term debt outstanding. This represents a decrease of 26.5% from last year. (See Figure A-7) Additional information about the District's long-term debt is presented in Note 6 to the financial statements.

ECONOMIC FACTORS BEARING ON THE DISTRICT'S FUTURE

At the time these financial statements were prepared and audited, the District was aware of several existing circumstances that could significantly affect its financial health in the future:

- Declining enrollment continues to have a negative effect on Westwood's budget. We are estimating enrollment to become stable within the next two years and experience growth within the next five years.
- Declining enrollment has also had a negative effect on the Westwood's Nutrition program. We continue to monitor the cost of the program to the number of breakfast and lunches being served to ensure the financial stability of the program.
- The Board of Education extended the Instructional Support Levy for an additional five years (FY 2009 - FY 2013) to ensure stable funding for the General Fund.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Denise Patterson, Business Manager, Westwood Community School District, 1000 Rebel Way, Sloan, Iowa, 51055.

WESTWOOD COMMUNITY SCHOOL DISTRICT
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
 CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
 TO THE STATEMENT OF ACTIVITIES
 JUNE 30, 2006

Net change in fund balances - total governmental funds (page 17) \$ (20,163)

*Amounts reported for governmental activities in the
 statement of activities are different because:*

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, those costs are reported in the Statement of Net Assets and are allocated over their estimated useful lives as depreciation expense in the Statement of Activities. The amounts of capital outlays and depreciation expense in the year are as follows:

Capital outlays	\$ 145,260	
Depreciation expense	<u>(343,095)</u>	(197,835)

Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year repayments were as follows:

Repaid	845,000
--------	---------

Interest on long-term debt in the Statement of Activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when due. In the Statement of Activities, interest expense is recognized as the interest accrues, regardless of when it is due.

4,934

Income surtax account receivable is not available to finance expenditures of the current year period in the governmental funds.

6,396

Changes in net assets of governmental activities (page 14)

WESTWOOD COMMUNITY SCHOOL DISTRICT
NOTES TO BASIC FINANCIAL STATEMENTS
JUNE 30, 2006

(1) Summary of Significant Accounting Policies

The Westwood Community School District is a political subdivision of the State of Iowa and operates public schools for children in grades kindergarten through twelve and special education pre-kindergarten. Additionally, the district either operates or sponsors various adult education programs. These courses include remedial education as well as vocational and recreational courses. The geographic area served includes the city of Sloan, Smithland, Hornick, Holly Springs, and Salix, Iowa, and the predominate agricultural territory in Woodbury and Monona Counties. The district is governed by a Board of Education whose members are elected on a non-partisan basis.

The District's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Westwood Community School District has included all funds, organizations, agencies, boards, commissions and authorities. The District has also considered all potential component units for which it is financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that exclusion would cause the District's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the District to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the District. The Westwood Community School District has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations - The District participates in a jointly governed organization that provides services to the District but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The District is a member of the Woodbury and Monona Counties Assessors' Conference Board.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed

from these statements. Governmental activities, which normally are supported by tax and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Net Assets presents the District's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net assets use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net asset consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions and interest that are restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental, proprietary, and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenses, including instructional, support and other costs.

The Debt Service Fund is utilized to account for the payment of interest and principal on the District's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities.

The Management Fund is utilized to account for property insurance expense.

The District reports the following proprietary fund:

The District's proprietary funds are the Enterprise, School Nutrition Fund. The School Nutrition Fund is used to account for the food service operations of the District.

The District also reports a fiduciary fund which focus's on net assets and changes in net assets. The District's fiduciary fund includes the following:

The Agency Funds are used to account for assets held by the District as an agent for individuals, private organizations and other governments. The Agency Fund is custodial in nature, assets equal liabilities, and do not involve measurement of results of operations.

C. Measurement Focus and Basis of Accounting

The government-wide, proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest associated with the current fiscal period are all considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the District.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments, and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net

assets available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues.

The proprietary fund of the District applies all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's Enterprise Fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District maintains its financial records on the cash basis. The financial statements of the District are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most District funds are pooled and invested. Investments are stated at fair value except for the investment in the Iowa Schools Joint Investment Trust which is valued at amortized cost and non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

Property Tax Receivable - Property tax in the governmental funds are accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the Board of Education. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Education to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the District is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute,

the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the Government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2004 assessed property valuations; is for the tax accrual period July 1, 2005 through June 30, 2006 and reflects the tax asking contained in the budget certified to the County Board of Supervisors in April, 2005.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method for purchased items and government commodities. Inventories of proprietary funds are recorded as expenses when consumed rather than when purchased or received.

Capital Assets - Capital assets, which include property, machinery and equipment, are reported in the applicable governmental or business-type activities columns in the Government-wide statement of net assets. Capital assets are recorded at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Capital assets are defined by the District as assets with an initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Land	\$ 1,500
Buildings	1,500
Land improvements	1,500
Machinery and equipment:	
School Nutrition Fund equipment	500
Other machinery and equipment	5,000

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Buildings	50 years
Land improvements	20 years
Machinery and equipment	5-20 years

Salaries and Benefits Payable - Payroll and related expenditures for annual contracts corresponding to the current school year, which is payable in July and August, have been accrued as liabilities.

Deferred Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds as well as property tax receivables and other receivables not collected within sixty days after year end.

Deferred revenue on the statement of net assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied.

Long-term Liabilities - In the Government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities column in the Statement of Net Assets.

Fund Equity - In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

Restricted Net Assets - In the government-wide Statement of Net Assets, net assets are reported as restricted when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

E. Budgeting and Budgetary Control

The budgetary comparison and related disclosures are reported as Required Supplementary Information.

(2) **Cash and Pooled Investments**

The District's deposits at June 30, 2006 were entirely covered by Federal depository insurance, collateralized with securities or letters of credit held by the District or the District's agent in the District's name, or by multiple financial institution collateral pool in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The District is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Education and the Treasurer of the State of Iowa; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2006, the District had investments in the Iowa Schools Joint Investment Trust as follows:

	Amortized Cost
Diversified Portfolio	\$ 518,541

The investments are valued at an amortized cost pursuant to Rule 2a-7 under the Investment Company Act of 1940.

Credit risk. The investments in the Iowa Schools Joint Investment Trust were rated Aaa by Moody's Investors Service.

The District's investments are categorized to give an indication of the level of risk assumed by the district at year end. The Certificates of Deposit are classified as Category 1, which means the investments are insured and held by the District in the District's name. Certificates of deposit are stated at fair value.

At June 30, 2006, the District had investments in Certificates of Deposit maturing in over one year as follows:

	Fair Value
Certificates of deposit	\$ 10,787

(3) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2006 is as follows:

Transfer to	Transfer from	Amount
Capital Projects	Debt Service	\$ 72,789
Debt Service	Special Revenue, Physical Plant and Equipment Levy	320,465
Debt Service	Capital Projects	404,750
Total		\$ 798,004

Transfers generally move revenues from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

(4) Iowa School Cash Anticipation Program (ISCAP)

The District participates in the Iowa Schools Cash Anticipation Program (ISCAP). ISCAP is a program of the Iowa Association of School Boards and is designed to provide funds to participating entities during periods of cash deficits. ISCAP is funded by a semiannual issuance of anticipatory warrants, which mature as noted below. The warrant sizing of each school corporation is based on a projection of cash flow needs during the semiannual period. ISCAP accounts are maintained for each participating entity, and monthly statements are provided regarding their cash balance, interest earnings and amounts

available for withdrawal for each outstanding series of warrants. Bankers Trust Co. is the trustee for the program. A summary of the District's participation in ISCAP at June 30, 2006 is as follows:

Series	Warrant Date	Final Warrant Maturity	Investments	Accrued Interest Receivable	Warrants Payable	Accrued Interest Payable
2006-07A	6/28/06	6/28/07	\$ 442,384	138	443,000	109

The District pledges its state foundation aid payments and General Fund receipts as security for warrants issued. Repayments must be made when General Fund receipts are received. If a balance is outstanding on the last date the funds are available to be drawn, then the District must repay the outstanding withdrawal from its General Fund receipts. In addition, the District must make minimum warrant repayments on the 25th of each month immediately following the final date that the warrant proceeds may be used in an amount equal to 25% of the warrant amount. ISCAP advance activity in the General Fund for the year ended June 30, 2006 is as follows:

Series	Balance Beginning of Year	Advances Received	Advances Repaid	Balance End of Year
2005-06A	\$ 0	120,000	120,000	0

The warrants bear interest and the available proceeds of the warrants are invested at the interest rates shown below:

Series	Interest Rates on Warrants	Interest Rates on Investments
2005-06A	4.000%	3.903%
2006-07A	4.500%	5.676%

(5) Capital Assets

Capital assets activity for the year ended June 30, 2006 is as follows:

	Balance Beginning Of Year	Increases	Decreases	Balance End of Year
Business-type activities:				
Machinery and equipment	\$ 149,346	1,034	0	150,380

(6) Long-Term Liabilities

Changes in long-term liabilities for the year ended June 30, 2006 are summarized as follows:

	Balance Beginning of Year	Additions	Reductions	Balance End of Year	Due Within One Year
General Obligation Bonds	\$ 315,000	0	315,000	0	0
Revenue Bonds	1,205,000	0	280,000	925,000	290,000
Capital Loan Notes	1,665,000	0	250,000	1,415,000	260,000
Total	\$ 3,185,000	0	845,000	2,340,000	550,000

Revenue Bonds

Details of the District's June 30, 2006 revenue bonded indebtedness is as follows:

Year Ending June 30,	Issue dated November 1, 2002				
	Interest Rates		Principal	Interest	Total
2007	4.00	% \$	290,000	36,075	326,075
2008	4.13		305,000	22,535	327,535
2009	4.25		320,000	8,000	328,000
2010	4.45		10,000	240	10,240
Total			\$ 925,000	66,850	991,850

The local option sales and services tax revenue bonds were issued for the purpose of defraying a portion of the cost of school infrastructure. The bonds are payable solely from the proceeds of the local option sales and services tax revenues received by the District. The bonds are not a general obligation of the District. However, the debt is subject to the constitutional debt limitation of the District.

The resolution providing for the issuance of the local option sales and services tax revenue bonds includes the following provisions:

- a) \$1,960,000 of the proceeds from the issuance of the revenue bonds shall be deposited to the Reserve Account to be used solely for the purpose of paying principal and interest on the bonds if insufficient money is available in the Sinking Account. The balance of the proceeds shall be deposited to the Project Account.
- b) All proceeds from the local option sales and services tax shall be placed in a Revenue Account.
- c) Monies in the Revenue Account shall be disbursed to make deposits into a Sinking Account to pay the principal and interest requirements of the revenue bonds for the fiscal year.
- d) Any monies remaining in the Revenue Account after the required transfer to the Sinking Account may be transferred to the Project Account to be used for any lawful purpose.

Capital Loan Notes

The District issued \$2,590,000 on May 1, 2002 for capital improvements. The notes will be repaid by the Special Revenue, Physical Plant and Equipment Levy Fund. Details of the District's June 30, 2006 capital loan notes indebtedness is as follows:

Year Ending June 30,	Issue dated May 1, 2002			
	Interest Rates	Principal	Interest	Total
2007	4.00	% \$ 260,000	60,066	320,066
2008	4.13	270,000	49,666	319,666
2009	4.25	280,000	38,528	318,528
2010	4.35	295,000	26,628	321,628
2011	4.45	310,000	13,796	323,796
Total		\$ 1,415,000	188,684	1,603,684

(7) Pension and Retirement Benefits

The District contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual salary and the District is required to contribute 5.75% of annual covered payroll for the years ended June 30, 2006, 2005 and 2004. Contribution requirements are established by State statute. The District's contribution to IPERS for the years ended June 30, 2006, 2005, and 2004 were \$188,473, \$183,780 and \$180,937, respectively, equal to the required contributions for each year.

(8) Risk Management

The District is a member in the Iowa School Employees Benefits Association (ISEBA), an Iowa Code Chapter 28E organization. ISEBA is a local government risk-sharing pool whose members include various schools throughout the State of Iowa. The Association was formed in July 1999 for the purpose of managing and funding employee benefits. The Association provides coverage and protection in the following categories: medical, dental, vision and prescription drugs. District contributions to ISEBA for the year ended June 30, 2006 were \$352,743.

Westwood Community School District is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The District assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(9) Area Education Agency

The District is required by the Code of Iowa to budget for its share of special education support, media and educational services provided through the area education agency. The District's actual amount for this purpose totaled \$190,338 for the year ended June 30, 2006 and is recorded in the General Fund by making a memorandum adjusting entry to the cash basis financial statements.

WESTWOOD COMMUNITY SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING
YEAR ENDED JUNE 30, 2006

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparison for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the Board of Education annually adopts a budget following required public notice and hearing for all funds, except Private Purpose Trust and Agency Funds. The budget may be amended during the year utilizing similar statutorily prescribed procedures. The District's budget is prepared on the GAAP basis.

Formal and legal budgetary control for the certified budget is based upon four major classes of expenditures known as functional areas, not by fund or fund type. These four functional areas are instruction, support services, non-instructional programs and other expenditures. Although the budget document presents functional area expenditures or expenses by fund, the legal level of control is at the aggregated functional level, not at the fund or fund type level. The Code of Iowa also provides that District expenditures in the General Fund may not exceed the amount authorized by the school finance formula.

Independent Auditor's Report on Internal Control over Financial Reporting and
on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board of Education of the
Westwood Community School District:

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Westwood Community School District as of and for the year ended June 30, 2006, which collectively comprise the District's basic financial statements listed in the table of contents, and have issued our report thereon dated October 12, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Westwood Community School District's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the District's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in Part I of the accompanying Schedule of Findings.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we believe item I-A-06 is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Westwood Community School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards. However, we noted certain

Members American Institute & Iowa Society of Certified Public Accountants

immaterial instances of non-compliance or other matters that are described in Part II of the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the District's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the District. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

This report, a public record by law, is intended solely for the information and use of the officials, employees, and citizens of Westwood Community School District and other parties to whom Westwood Community School District may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Westwood Community School District during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

NOLTE, CORNMAN & JOHNSON, P.C.

October 12, 2006

WESTWOOD COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2006

Part I: Findings Related to the Basic Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

REPORTABLE CONDITIONS:

- I-A-06 Segregation of Duties - One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. Cash receipts are issued and bank deposits are prepared by the same person. An independent person does not open the mail and prepare an initial listing of the checks received and later compare the listing to the receipts issued. Also, vouchers are processed, disbursements are recorded, and checks are prepared by the same person.

Recommendation - We realize segregation of duties is difficult with a limited number of office employees. However, the District should review its procedures to obtain the maximum internal control possible under the circumstances.

Response - We will continue to review our procedures and implement additional controls where possible.

Conclusion - Response accepted.

- I-B-06 Check Signatures - We noted during our audit that one check written from the General Fund was signed by the Board Secretary, but not by the Board President. This check also cleared the bank with only the one signature.

Recommendation - The Board President and Board Secretary are required to sign all checks written by the District per Chapter 291.1 of the Code of Iowa. The Board President can, however, designate an individual other than himself to sign checks. The District should require the appropriate individuals sign all checks.

Response - We will comply with this recommendation.

Conclusion - Response accepted.

- I-C-06 Purchase Orders - We noted during our audit that purchase orders in the Activity Fund were not always completely filled out. We noted instances of purchase orders not being prenumbered, not showing what was to be purchased at what price and some invoices not having a purchase order.

Recommendation - The District should review procedures in place with regard to use of purchase orders, placing the order and subsequent payment. The District should require purchase orders be completed prior to ordering. With the proper use of purchase orders, the District can ensure that purchases are properly approved and authorized before purchasing.

Response - We will generate purchase orders from our accounting software that are prenumbered and filled out completely.

Conclusion - Response accepted.

I-D-06 Checks Outstanding - We noted during our audit that the District had checks included in the bank reconciliations which have been outstanding for over one year.

Recommendation - The District should research the outstanding checks to determine if they should be reissued, voided or submitted to the Treasurer of Iowa as unclaimed property.

Response - The District will research the outstanding checks and take appropriate action.

Conclusion - Response accepted.

WESTWOOD COMMUNITY SCHOOL DISTRICT
SCHEDULE OF FINDINGS
YEAR ENDED JUNE 30, 2006

Part II: Other Findings Related to Statutory Reporting

- II-A-06 Certified Budget - District disbursements for the year ended June 30, 2006 did not exceed the certified budget amounts.
- II-B-06 Questionable Disbursements - We noted no disbursements that may not meet the requirements for public purpose as defined in an Attorney General's opinion dated April 25, 1979.
- II-C-06 Travel Expense - No expenditures of District money for travel expenses of spouses of District officials or employees were noted. No travel advances to District officials or employees were noted.
- II-D-06 Business Transactions - No business transactions between the District and District officials were noted.
- II-E-06 Bond Coverage - Surety bond coverage of District officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure that the coverage is adequate for current operations.
- II-F-06 Board Minutes - We noted no transactions requiring Board approval which have not been approved by the Board.
- II-G-06 Certified Enrollment - We noted no variances in the basic enrollment data certified to the Department of Education.
- II-H-06 Deposits and Investments - We noted no instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the District's investment policy.
- II-I-06 Certified Annual Report - The Certified Annual Report was filed with the Department of Education timely and we noted no significant deficiencies in the amounts reported.
- II-J-06 Deficit Balances - Six individual accounts within the Student Activity Fund had deficit balances totaling \$3,861 at June 30, 2006.

Recommendation - The District should review purchase approval procedures for the Student Activity Fund and may wish to require additional approval before ordering goods or services from these accounts. The District should investigate alternatives to eliminate these deficit balances.

Response - Account balances will be reviewed on a regular basis to eliminate deficits in the Activity Fund.

Conclusion - Response accepted.
